TRIANFLOW

ZANSHIN
(Awareness / Bilinçsel Farkındalık ve Varlığını Bilme)

Character's Monk Part's Duty	Character's Exalted Part's Dutys
IKIGAI I **(Religion)** My calling is **Islam.** ❖ **Praying five times a day.**	**IKIGAI (+)** **(Perfection)** My cause is **Greatness.** ❖ **Do Best.** Pray like a monk, work like a militant. ❖ **Be Best.** Reach your best version from every direction. One way: to be the purest, strongest and greatest! "Be Best" encompasses not only material and spiritual development, but all kinds of progress. (Cult, Art, Spor, Eloquence, All kinds of dev..)
Character's Militant Part's Duty	
IKIGAI II **(Profession)** My craft is **Software.** ❖ **Full-time working.**	

Who I am?	Why?
I am Exalted Militant Monk. I am just a simple Primitive Man. I am a Trian Member. I'm in the 3% Society. I live as a Muslim, a Coder, and the Greatest.	The purpose of life is actually a means. Everything for: ◆ Truth (Hakikat), ◆ Freedom (Hürriyet), ◆ Liberation (Kurtuluş).

My Main Duty

Bury the past. Find your true self.
Purify yourself. Move up social class.
No rest until you achieve self-realization.
May your sweat and blood be abundant Trian!

💀 Pillars of Loyalty 💀

Ganbaru	Gaman	Gyokusai
(No giving up!)	**(No vulnerability!)**	**(Deserve Death!)**
Stay in system until the hospital lights.	Suffer the path, show no one.	Die with system, and finally earn your death.

SENSHIN
(Catharsis / Bilinçsel Arınma)

Mushin📜📝💬	Seishin📜📝💬	Fudoshin📜📝💬
(Cognition: Void-Minded / Temiz Zihin) Practice the art of no thinking. **No past, no future and even no now.** **No think and be timeless flowing in system.**	**(Conation: Satisfied-Self / Tok Nefs)** Practice the art of no willing. **Abandon everything. Desire nothing. Expect nothing from anyone.** (Approval & Benefits)	**(Affect: Cold-Blooded / Soğuk His)** Practice the art of no feeling. **Be cold. No positive, negative. Itidal toward good feelings. Metanet toward bad feelings.**

YOUJIN
(Vigilance/ Bilinçsel Teyakkuz)

⏱️ Ichigo Ichie📜📝💬	🌍 Ningen Girai📜📝💬	💀 Onore Ni Katsu📜📝💬
(Chronophobic alert to Time (Flow)) The only time you should **feel fear** is when this moment is being wasted. This fear should give you **urgency**. ☠️ Feel urgency because nothing is guaranteed and **waiting harms you.**	**(Misanthropic alert to World** (External)) You should **feel anger** toward the unjust world and evil, vile, weak %97 people. This anger should give you **obligation**. ☠️ Feel obligation because the world devours and people harm you, **don't be at anyone's mercy.**	**(Asketic alert to Body** (Internal)) You should **feel disgust** toward your low, drifting, weak, hell-bound and animal body. This disgust should give you **responsibility**. ☠️ Feel responsibility because you're being tested, body is only a tool, **you have one chance.**

ISSHIN
(Ergomania to Death for Ikigai)

Kaizen 📜 📝 💬	Kugyo 📜 📝 💬	Zenshin 📜 📝 💬
(Pragmatism) There must be **benefit** in every action.	**(Dolorism)** There must be **difficulty** in every action.	**(Zealism)** There must be (relentless) **continuity** in every action.

🔥 **SHURA** (修羅) (3M) 🔥
Titan Mode or **Deadly Ground** or Karoshi (⚠️The closest mod to Ganbaru.)
💀💀💀💀 Pray like a monk, work like a militant, die as Shura. 💀💀💀💀

+ Kenbo Jussu	**+ Gashin Shotan**:	**+ Shi Ni Mono Gurui:**
(Lawless Machiavellian Perspective) **Everything is permitted:** Play by the your rules for the greater good.	(Mazoshist Mithridatist Aggression) **Challenge everything:** Ask for the difficult, taste pain.	(Hyperactive Monomaniac Trance) **Hit the road:** Even if dragging, like fugue.

What's the atmosphere like?

Compulsive, with **pain** & **difficultly**, maybe **masochistic**, maybe **hyperactive** and **always rookie** — **passion optional**, doesnt matter.

The how of the action?

Jikko	Botto	Sutemi
(Act! / Action) Just do it.	**(Dive! / Progression)** Get lost in it.	**(Melt! / Dedication)** Give your all. (Physical and cognitive).

With what?

Seishin Tanren	Wabi Sabi	Shikata Ga Nai
(Anti Softness) Do it. Reluctantly, with suffering, without being ready, with bad feelings.	**(Anti Perfeksiyonizm)**(Inner Fragility) Move forward. With imperfection, with missing, feeling on edge, at peace with chaos.	**(Anti Control)**(External Fragility) Keep going. With negativity and misfortune. Whatever happened, happened.

Mental challenges are simply a matter of neuroplasticity. And it's a paradox. If you do it despite the difficulty, it becomes easier.
The challenge begins > Things are difficult. > You start doing it > It gets easier. > The new challenge begins ...
Comfort is the cortex's escape. Whatever makes you uncomfortable is where your duty and growth lie.
This cycle continues until the best version of yourself is complete (until the grave).

The reason for the action

Gain	Merit	Experince
(For Profit) Take the gain. Ex: Work.	**(For Reward)** Earn the moral gain. Ex: Pray.	**(For Developmeent)** Take the growth, even unwanted. Ex: Soc.
